**Who are Pragmatiq?**

Pragmatiq are a Microsoft Gold Partner who specialise in designing and developing Bespoke CRM (Customer Relationship Management) Systems and Custom Business Solutions, leveraging Microsoft Dynamics 365 and the Power Platform.

Our team are at the heart of the business, with expertise spanning a variety of areas. Each day, we always aim to bring out the best in each other and all work together to achieve one common goal; to accomplish great things by enabling our clients to do the same.

We use our core values to ensure all activities and initiatives related to hiring, promoting, development and reward are aligned:

- **Be 'Pragmatiq':** Providing the best possible technology and practical considerations to help a company thrive.
- **Demonstrate excellence in everything we do:** There is an uncompromising standard that we aim to achieve in all that we do within the business.
- **Approach challenges with a 'can do' attitude:** Solving problems is critical to both ours and our customers' success. When faced with each challenge, we approach it with a solutions-focussed mindset to get the 'job done' successfully.
- **Be a team player with a collaborative mindset:** Believing great ideas come from everywhere. We seek to create an environment where the best ideas, regardless of their source, have a chance to flourish.
- **Go the extra mile:** We strive to be the best and at times this means we are willing to push a bit further to ensure a successful outcome.

The Role:

The Solution Architect will be responsible for taking the overall lead on our client projects from a technical design and delivery perspective. You will be working with our clients key stakeholders to further develop and enhance their solutions and working closely in directing the Pragmatiq delivery teams in planning, designing, building, testing, and maintaining client software solutions.

Key Responsibilities:

- Lead the conceptualisation, design and delivery of high-quality solutions across all areas of the Dynamics and Power Platform landscape, including portals and integrations
- Lead and review your team's work across all phases of Pragmatiq's client and internal projects
- Direct efforts to defining technical, operational, and user requirements within a pre-sales, scoping and solution design capacity
- Liaise effectively between customers, IT staff, and business partners to ensure high quality and timely resolution of customer issues
- Use in-depth knowledge of MS Dynamics to solve technical design challenges across Pragmatiq's existing and future clients and keep knowledge up-to-date in line with the latest platform changes
- Ensure the implementation of best practices based on Microsoft Dynamics standards and supported configuration/customisations
- Use advanced knowledge of JScript, C#, PowerApps and MS Technologies to enhance the solution and develop proof of concepts to demonstrate options
- Ensure your project team are directed, supported and leveraged appropriately
- Take active role in sales activities and planning as required
- Investigate, analyse and propose new technologies or functionality to existing architectural design, that will benefit customers
- Identify product risks and mitigate, or communicate as necessary

Skills and Requirements:

- 2+ Years Microsoft Dynamics 365 CRM Solution Architecture experience
- Previous Microsoft cloud solutions certifications are desirable
- Previous experience within a Microsoft Partner is desirable
- Integration experience from a technical design perspective is desirable
- Previous involvement in pre-sales is beneficial
- Good overall and up-to-date knowledge of cloud technologies
- Good organisational and time management skills
- Self-motivated with a desire to learn and explore new technologies
- Proactive approach to working and personal development
- Attention to detail and values professionalism
- Personable and good communicator within team and customers
- Good overall literacy and numeracy skills

What we can offer:

You will be part of a fast-paced Microsoft Gold Partner at an exciting period in our growth. You will be an integral part of a talented team, dedicated to client success and ongoing innovation to remain at the very top of our game in a specialist area of technology.

We provide our employees with an extensive benefits package, that includes:
